

REMARKS

The amendment to the specification is simply to provide a reference to the international application.

The amendments to the claims are purely editorial in nature or eliminate multiple dependencies to reduce costs and otherwise to place the application in better form for U.S. examination. The preferably clause of original claim 2 has been made the subject of new claim 14. The preferably clause of original claim 6 has been made the subject of new claims 15 and 16. Applicants do not believe the amendments above introduce any new matter.

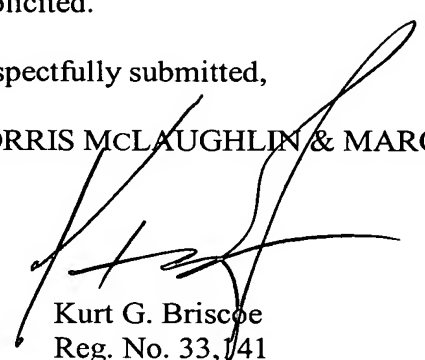

Applicants do not believe that either the amendment to the specification or the amendments to the claims introduces any new matter.

Early and favorable action is earnestly solicited.

Respectfully submitted,

NORRIS McLAUGHLIN & MARCUS, P.A.
